School Philosophy
Updated February 2021

Al Siraat College is an independent school established in 2009, situated in Epping and serving the needs of the growing Islamic community in the northern suburbs of Melbourne. Starting with about 80 students in 2009, the College has experienced significant growth since its inception with a current enrolment of over 1,060 students (in February 2021). More than half of our students now reside in the immediate local area.

IDENTITY

VISION

It is important to note that we are not responsible for achieving our vision, rather we are responsible *for making an effort* to achieve it. This recognises the belief in the Islamic Tradition that we are not able to change people – that is the job of The Creator. Our role is to make the required effort and pray for positive changes.

MISSION
